

# BeeLED-Universal modul

LED module with special optics for symmetrical / asymmetrical light distribution

## Information

The BeeLED Kit from BRAUN is the innovative solution for the exchange of HQL-/NAV-Bulb in street lights.

## Technical Informations

Farbtemperaturen:	4100K (frei auswählbar)
Farbwiedergabeindex CRI :	> 85
IP :	65
Leistung :	
Lichtstrom:	3.440 lm (38 Watt)
Technische Informationen :	<ul style="list-style-type: none"><li>• Energieeinsparung bis zu 80%</li><li>• Wartungsfreiheit der LED-Engine</li></ul> <p>optionale Ausstattung:</p> <ul style="list-style-type: none"><li>• Dimmen der Leuchte</li><li>• Dimmen von Teilsegmenten mit verschiedenen</li></ul>
Verwendung:	LED module with special optics for symmetrical / asymmetrical light distribution
Zulässige Umgebungstemperatur:	- 40°C up to 55°C

BRAUN Lighting Solutions e. K. is a participant in the export initiative "Energie Effizienz – made in Germany", initiated by the Federal Ministry for the Economy and Technology. Due to the complexity of the many possible combinations of drivers and LED modules, the values shown for technical LED parameters, including performance parameters, are typical. Actual values of specific products in specific configurations may vary from these typical values. The information and diagrams contained in this document do not constitute an offer or contractual obligation. Product parameters may change as a result of technical innovation and will be undertaken without prior notice. Our manufacturing conforms to DIN EN and VDE regulations; the product conforms to European EMC regulations.
